Bio

Early in life, Morgan Turner knew that she would follow in her father's footsteps and become an attorney. She witnessed firsthand the commitment he provided to clients and relationships he built and knew that a career being an advocate was also in her future. As a practicing attorney, she is now able to help clients throughout Alabama and the United States evaluate and resolve their legal problems. Morgan welcomes a challenge, and her ability to relate to others makes her an essential team member in and out of the courtroom.

Morgan joined Huie in June 2022 after previously working as an associate at a boutique litigation firm. Now at Huie, she focuses her law practice in the areas of product liability, municipal/government litigation, automotive litigation and general insurance defense. Morgan's prior professional experience and law school contributions will aid in researching solutions, securing the best possible outcome for her clients and establishing her as a seasoned client advocate.

In her free time, Morgan enjoys running marathons, exploring Birmingham, and cheering on the Crimson Tide and Birmingham sports. She is also a 5K race director that raises awareness for mental health.

Morgan earned her BS in Business from The University of Alabama and her JD from Cumberland School of Law at Samford University.
