Bio

Andrew grew up in Gadsden, Alabama, where his interest in business and finance first took shape. Throughout his college career at the University of Alabama, he discovered his passion for the legal field and his genuine desire to help people understand the complexities of the legal process. Today, Andrew channels that same spark in his practice, approaching each case with a goal-oriented mindset, careful attention to detail, and a collaborative spirit.

After previously practicing at a business litigation boutique, Andrew joined Huie as an associate in October 2025. He now focuses his practice in the areas of medical malpractice and insurance defense, bringing a client-centered and results-driven approach to every matter he handles. Andrew enjoys guiding clients through the legal process – from beginning to end – and helping ease some of the pressure they face.

Andrew earned his BS in Finance from the University of Alabama and his JD from the University of Alabama School of Law. In his free time, he enjoys working out and cheering on the Alabama Crimson Tide.
